

Introducing the **NEW** iTunes U

You can create courses for iPad, iPod, iPhone.

Create and distribute your own private courses, enroll your students, and allow them to subscribe on their Apple mobile devices.

- Create a course outline.
- Attach content (video, audio, web links, documents, apps, books, and more).
- Create posts and assignments.
- Make changes any time, and your enrolled students receive push notifications.

Curious about courses?
Subscribe to one today!

Get Started!

Use your Apple ID to login to Course Manager at this link:

<https://itunesu.itunes.apple.com/>.

Create your instructor account, and begin building your courses.

Download the free iTunes U app to take advantage of the complete courses from providers ranging from universities and K-12 instructors to a variety of museums and cultural institutions.

Subscribe to popular courses in the iTunes U catalog, like those from Open University, Common Sense Media, or Arkansas Spanish instructor David Nance.

Open the courses that you've added to your iTunes U library and explore the content.

ARKANSAS
on iTunes U

Why create iTunes U courses?

It's free, designed for mobile use, easy to use for course creators and participants, and allows you to easily curate existing content or include your own.

Can anyone create free courses?

Yes. Instructors not affiliated with official iTunes U institutions are limited to 12 courses and 50 students per course.

What can I include in my course?

You can include audio, video, documents, presentations, PDFs, iBooks textbooks, ePub books, iOS apps, and web links. Use the free iBooks Author software to create your own interactive texts to include.

Do I need any special software to use iTunes U?

You can access iTunes U content from any device that has [iTunes software](#) installed. However, iTunes U courses are designed for Apple mobile devices. To view iTunes U courses, you will open the iTunes U app on an iOS device like the iPad, iPod, or iPhone.

What is Arkansas on iTunes U?

Arkansas on iTunes U is an Arkansas Department of Education initiative creating a library of educational content for educators and students. We are one of the many universities, state agencies, and not-for-profit institutions distributing content to the world through iTunes U, the world's largest repository of free instructional media.

Where can I find out more about the Apple ID?

Visit <http://www.apple.com/support/appleid/> to learn about using an Apple ID, recover a lost password, manage multiple Apple IDs and more.
